N/A as no benchmark families are defined.	
<p>Item 6. Where the response to Item 4 is positive, please list below, for each benchmark, those ESG factors that are taken into account in the benchmark methodology, taking into account the ESG factors listed in Annex II to Delegated Regulation (EU) 2020/1816, depending on the relevant underlying asset concerned.</p> <p>Please explain how those ESG factors are used for the selection, weighting or exclusion of underlying assets.</p> <p>The ESG factors shall not be disclosed for each constituent of the benchmark, but shall be disclosed at an aggregated weighted average value of the benchmark.</p> <p>Alternatively, all of this information may be provided in the form of a hyperlink to a website of the benchmark administrator included in this explanation. The information on the website shall be easily available and accessible. Benchmark administrators shall ensure that information published on their website remains available for five years.</p>	

a) List of environmental factors considered:	Companies that violate or are at risk of violation commonly accepted international norms and standards, enshrined in the United Nations Global Compact (UNGC) Principles, the Organization for Economic Co-operation and Development (OECD) Guidelines for Multinational Enterprises, the UN Guiding Principles on Business and Human Rights (UNGPs), and their underlying conventions.	Exclusion
	In addition to verified violation of international standards monitoring, companies facing strong unremediated allegation will also be monitored. Companies facing strong unremediated allegation will not be considered for inclusion as new constituents of the index until they initiate sufficient remedial action. Should a company which is already a constituent face strong allegation they will be granted a grace period of 6-12 months (two full rebalance periods) to initiate sufficient remedial action before being flagged as being in violation.	Exclusion
	Companies where 5% or more of turnover relates to the production (including both power generation and extraction activities), distribution or exploration of fossil fuels, as well as companies where over 50% of turnover derives from services in or to this area.	Exclusion
	Companies with any involvement in the extraction/production of oil sands, even if this amounts to less than 5% of the company's turnover.	Exclusion
	ESG rating of companies.	Selection

b) List of social factors considered:	Companies that violate or are at risk of violation commonly accepted international norms and standards, enshrined in the United Nations Global Compact (UNGC) Principles, the Organization for Economic Co-operation and Development (OECD) Guidelines for Multinational Enterprises, the UN Guiding Principles on Business and Human Rights (UNGPs), and their underlying conventions.	Exclusion
	In addition to verified violation of international standards monitoring, companies facing strong unremediated allegation will also be monitored. Companies facing strong unremediated allegation will not be considered for inclusion as new constituents of the index until they initiate sufficient remedial action. Should a company which is already a constituent face strong allegation they will be granted a grace period of 6-12 months (two full rebalance periods) to initiate sufficient remedial action before being flagged as being in violation.	Exclusion
	Companies identified to be involved with controversial weapons in accordance with the relevant UN-Conventions.	Exclusion
	Companies with a turnover exceeding 5% related to production or distribution, or 50% turnover related to services, for alcohol and gambling.	Exclusion
